

# New Grammarly Business Features

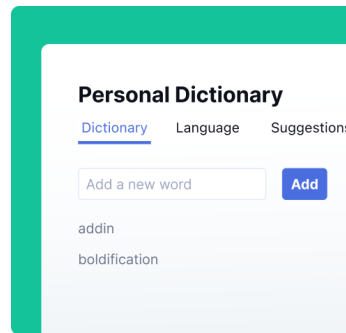

## Fluency

Ensure your writing sounds fluent through personalized suggestions based off 5 languages: French, German, Hindi, Mandarin, or Spanish →

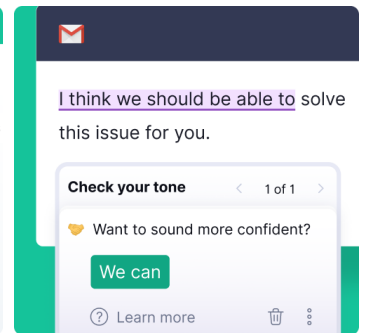

## Customize Your Suggestions

Manage optional stylistic suggestions (such as the Oxford comma) to better fit your writing style →

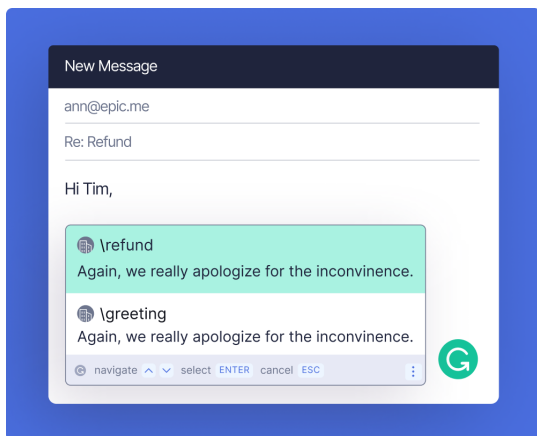

## Personal Dictionary

With Grammarly's personal dictionary feature, you can make sure that unique words in your lexicon won't be flagged as misspelled →

## Tone Assistant

Be confident the tone of your writing matches the desired tone of your company's brand!

## Snippets

Snippets are reusable phrases, sentences, and even whole paragraphs that you can easily insert into your text to save you time when you use the Grammarly browser extension. With the stroke of a single key, save time by populating pre-written responses.
